**AUTHORIZED PERSON FOR  
INFORMATION DISCLOSURE**

**NGUYEN VAN DUC**

No.: 20 /CBTT-CDC

Hanoi, June 24<sup>th</sup>, 2025

**EXPLANATION OF PROFIT FLUCTUATION**

- Pursuant to the Law on Enterprises 2020, as amended and supplemented in 2022, and its guiding documents;
- Pursuant to the Law on Securities 2019 and its guiding documents;
- Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020, guiding information disclosure on the securities market;
- Pursuant to the Charter of CDC Construction Joint Stock Company;
- Based on the 2024 business performance of CDC Construction Joint Stock Company.

CDC Construction Joint Stock Company hereby provides an explanation for the fluctuation in business results in 2024 compared to 2023 (the preceding year) as follows:

The primary reason for the increase in after-tax profit in 2024 compared to the previous year is:

Unit: VND million

Indicator	Năm 2024	Năm 2023	Difference	% Increase/(decrease)
Profit after Corporate Income Tax	42.288	28.955	13.333	46.05%

**1. Total revenue in 2024 reached VND 2,189 billion, increase by 20,7% compared to 2023. Specifically:**

- Revenue from construction materials sales: VND 534.6 billion, an increase of 66.12% compared to the previous year;
- Revenue from construction and installation activities: VND 1,649 billion, an increase of 10.93% compared to the previous year;
- Revenue from machinery and equipment rental: VND 5.2 billion, an increase of nearly 10% compared to the previous year.

**2. Profit from financial activities increased by 180% compared to the previous year. Specifically:**

- Financial revenue reached VND 27.3 billion, a decrease of 6.06% compared to the previous year;
- However, financial expenses were VND 17 billion, a decrease of 33.01% compared to the previous year.

The above are the key factors explaining the increase in after-tax profit of the 2024 Financial Statements compared to 2023.

Respectfully,

**CDC CONSTRUCTION  
JOINT STOCK COMPANY**

**TỔNG GIÁM ĐỐC**

#### LEGAL REPRESENTATIVE

The legal representative of the Company at the date of this report are as follow:

Mr. Ngo Tan Long	Chairman
Mr. Tran Van Truong	Vice Chairman
Ms. Dang Thanh Trang	General Director

#### RESPONSIBILITIES OF THE BOARD OF DIRECTORS AND MANAGEMENT

The Board of Directors and the Management of the Company is responsible for preparing the financial statements for the year ended 31 March 2025, that give a true and fair view of the financial position of the Company as at 31 March 2025, and its financial performance and its cash flows for the fiscal year. In preparing those financial statements, the Board of Directors and the Management is required to:

- Comply with Vietnamese accounting standards, corporate accounting system and the relevant statutory requirements relevant to the preparation and presentation of the financial statements;
- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the financial statements;
- Design and implement an effective internal control system for the purpose of properly preparation and presentation of the financial statements so as to minimize errors and frauds; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue its business.

The Board of Directors and the Management is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the financial position of the Company and that the financial statements comply with Vietnamese accounting standards, corporate accounting system and the relevant statutory requirements applicable to the preparation and presentation of the financial statements. The Board of Directors and the Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

## CDC CONSTRUCTION JOINT STOCK COMPANY

---

The Board of Directors and the Management confirms that the Company has complied with the above requirements in preparing these financial statements.

For and on behalf of the Board of Directors and the Management,

---

**Dang Thanh Trang**  
**General Director**

Hanoi, 24 June 2025

No: 128 /2025/BCKT-AVI-TC1

## INDEPENDENT AUDITOR'S REPORT

To: **Shareholders**  
**Board of Directors and the Management of**  
**CDC Construction Joint Stock Company**

We have audited the accompanying financial statements of CDC Construction Joint Stock Company ("the Company"), prepared on 24 June 2025, as set out from page 05 to page 33, which comprise the Balance Sheet as at 31 March 2025, the related Statements of income, cash flows for the year ended and Notes to the financial statements.

### Responsibilities of the Board of Directors and the Management

The Board of Directors and the Management is responsible for the preparation and fair presentation of these financial statements in accordance with Vietnamese accounting standards, corporate accounting system and the statutory relevant requirements applicable to the preparation and presentation of financial statements and for such internal control as board of directors and management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on the results of our audit. We conducted our audit in accordance with Vietnamese standards on auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by board of directors and management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidences we have obtained are sufficient and appropriate to provide a basis for our audit opinion.

### Auditors' opinion

In our opinion, the accompanying financial statements give a true and fair view, in all material respects, the financial position of CDC Construction Joint Stock Company as at 31 March 2025, the results of its operations and its cash flows for the year then ended, in accordance with Vietnamese accounting standards, corporate accounting system and the statutory requirements relevant to preparation and presentation of financial statements.

Charter Capital: 402,500,000,000 VND, equivalent to 42,500,000 shares with a par value of VND 10,000 per share.

The Company's shares are officially traded on the Ho Chi Minh City Stock Exchange (HOSE) from 21 April 2025 with the stock code as CCC according to Decision No. 145/QĐ-SGDHCM dated 20 March 2025.

Total employees of the Company as at 31 March 2025 was 318 (at 31 March 2024 was 266).

The Company's head office is located at LK 18-24, Galaxy 8, Van Phuc Urban Area, 69 To Huu Street, Van Phuc Ward, Ha Dong District, Hanoi City.

**1.2. Operating industry and principal activities**

- Construction of various types of buildings;
- Construction of other civil engineering works;
- Leasing machinery, equipment, and other tangible assets;
- Wholesale of construction materials and other installation equipment;
- Architectural activities and related technical consulting.

**1.3. Normal production and business cycle**

The Company's normal course of business cycle is no more than 12 months.

**2. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY**

The Company's fiscal year begins on 1 April and ends on 31 March of the next year.

The currency unit used in accounting period is Vietnam Dong (VND).

**3. ACCOUNTING STANDARDS AND ACCOUNTING SYSTEM APPLIED**

The financial statements are expressed in Vietnamese Dong (VND) and prepared under the accounting principles in conformity with the Vietnamese corporate accounting system issued in pursuance of Circular No. 200/2014/TT-BTC dated 22 December 2014, Circular No. 53/2016/TT-BTC dated 21 March 2016 of Ministry of Finance, Vietnamese Accounting Standards, and the relevant statutory requirements applicable to financial reporting.

**4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies, which have been adopted by the Company in the preparation of these financial statements, are as follows:

**4.1. Basis of preparation of financial statements**

The financial statements are prepared on the accrual basis (except for the information related to cash flows), under historical cost principle, based on the assumption of going concern.

**4.2. Estimates**

The preparation of financial statements in conformity with Vietnamese accounting standards, the Vietnamese corporate accounting system, and the relevant statutory requirements applicable to

financial reporting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The actual number incurred may differ from the estimates and assumptions.

#### **4.3. Cash and cash equivalent**

Cash reflects the full existing amount of the Company at the end of the accounting period, comprising cash on hand, demand deposits and cash in transit.

Cash equivalents include short-term investments with maturity less than 03 months since the date of investment, which can be converted easily into a certain amount of cash without any risk in conversion into cash at the reporting date and recorded following Vietnamese Accounting Standard No. 24 - Cash flow statement.

#### **4.4. Held to maturity investment**

##### ***Investments held to maturity***

Reflecting the investments that the Company has intention and ability to hold to maturity with remaining maturity not exceeding 12 months (short-term) and more than 12 months (long-term) from the reporting date (except trading securities), including time deposits (including treasury bills, promissory notes), bonds, commercial papers, preference stocks which the issuer is obliged to buy at a certain time in the future, held-to-maturity loans for the purpose of collecting periodic interest, other kinds of debt securities (e.g. investment in buying bad debts, etc.) and other held-to-maturity investments, not including those already presented in the items such as "cash equivalents", "receivables from short-term borrowings" and "receivables from long-term borrowings".

Held-to-maturity investments are initially recognized at cost, including purchase price and expenses related to the purchase of investments such as brokerage fees, transaction, advisory, tax fees and bank charges ... After initial recognition, these investments are recorded at recoverable value.

Interest incurred after the date of purchase of held-to-maturity investments, profit upon disposals or sale of held-to-maturity investments are recorded in financial income. Interest received before the investment date is deducted from the cost at the date of purchase.

The Company bases on the remaining term from the reporting date to classify held-to-maturity investments as long-term or short-term.

When having strong evidence indicating part or all of the investments may not be recoverable and the losses can be measured reliably, these losses are recorded in financial expenses in the year and reduced directly to the value of the investments. Provision for held-to-maturity investments is similar to receivables unlikely to recover, is made similarly to bad debts according to note No. 4.5.

##### ***Investment in associates***

This reflects investments in which the Company holds directly or indirectly from 20% to less than 50% of the voting rights of the investee (associate company) without other contractual agreements.

An associate is an entity over which the Company has significant influence but does not have control over its financial and operating policies. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control over those policies.

Equity investments in other entities are initially recognized at cost, which includes the purchase price or capital contribution plus any directly attributable investment costs (if any), such as brokerage, transaction, consulting, audit fees, levies, taxes, and bank charges, etc. In the case of investments made using non-monetary assets, the cost of the investment is recognized at the fair value of the non-monetary assets at the time of the transaction.

Dividends and profits from periods prior to the acquisition of the investment are accounted for as a reduction in the carrying amount of the investment. Dividends and profits from periods after the

acquisition date are recognized as financial income at their fair value on the date the right to receive them arises. In the case of stock dividends, the Company only discloses the increase in the number of shares in the notes to the financial statements and does not recognize an increase in the value of the investment or financial income.

Provision for impairment losses on investments in joint ventures and associates is the excess of the original cost over the Company's ownership proportion in the actual equity of the investee, recognized in accordance with the prevailing enterprise accounting system.

#### **4.5. Receivables and provision for doubtful debts**

Receivables are monitored detailed under the original terms, remaining terms at the reporting date, the receivable objects, receivable foreign currencies and other factors for the Company's management purpose. The classification of receivables comprised of trade receivables, and other receivables shall comply with the principles:

- Trade receivables include commercial receivables incurred from purchase-sale transactions, including receivables from sale of exported goods under the trust for other entities;
- Other receivables include non-commercial or non-trading receivables, including: receivables from loan interests, deposit interests, amount paid on behalf of another party; receivables which the export trustor must collect from the trustee; receivables from penalties, compensation; advances; pledges, collaterals, deposits, assets lending...

The company bases on the remaining term at the reporting date receivables to classify as long-term or short-term.

Receivables are recognized at no more than their recoverable value. Provision for doubtful debts is made in accordance with the prevailing enterprise accounting system.

#### **4.6. Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost comprises purchase price, processing cost and other direct attributable expenses that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution. Inventories are determined using the weighted average method.

Work in progress includes costs for construction activities that have not been completed and accepted for payment at the end of the fiscal year. The value of work in progress is determined corresponding to the cost of direct materials; direct labor costs; costs of using construction machinery; general production costs and subcontracting costs incurred but not yet accepted by the investor.

The provision for the devaluation of inventories is the excess of the inventories' cost over their net realizable value at the accounting year end and made in accordance with prevailing corporate accounting system.

#### **4.7. Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less accumulated depreciation. Tangible fixed assets are recognized under the historical cost.

The costs of tangible fixed assets arising from purchases and self-constructions comprise all costs of bringing the tangible fixed assets to their working condition for their intended use. Fixed assets that are formed as part of an investment project through bidding or self-construction and production are represented by the final settlement price of the completed construction works according to current investment and construction management regulations, plus other directly related costs and registration fees (if any). In cases where a project has been completed and put into use but the final settlement has not been approved, the cost of the fixed asset is recorded at a provisional cost based on the actual expenses incurred to obtain the fixed asset. The provisional cost will be adjusted according to the final settlement approved by the competent authorities.

*These notes are an integral part of and should be read in conjunction with the accompanying financial statements*

Costs incurred after initial recognition are recorded as increase in the historical cost of assets if they actually improve the current status in comparison with the initial standard status of that assets.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives in accordance with Circular No. 45/2013/TT-BTC dated 25/04/2013 of the Ministry of Finance. The estimated useful lives are as follows:

	Years
Buildings and structures	25
Machinery and equipment	03 - 08
Transportation vehicles	05 - 09
Management device	03 - 05
Others	03 - 05

Loss or gain resulting from sales and disposals of tangible fixed assets is the difference between proceed from sales or disposals of assets and their residual values and is recognized in the income statement.

#### 4.8. Intangible assets and amortisation

Intangible fixed assets are presented at cost less accumulated amortization, reflecting the value of computer software and the value of long-term land use rights. Computer software is initially recognized at purchase cost and is amortized on a straight-line basis over 5 years. The Company does not record amortization for long-term land use rights.

#### 4.9. Construction in progress

The construction in progress is recorded at cost, including expenses directly related to (including borrowing costs by the Company's accounting policy) properties in the course of construction for production, equipment installed for the purpose of manufacturing, rental and management as well as related expenses to repairs of fixed assets. Depreciation of these assets, on the same basis as other assets, commences when the assets are ready for their intended use.

#### 4.10. Prepaid expenses

Prepaid expenses include costs for tools and equipment used, repair costs for fixed assets, and other prepaid expenses serving the production and business activities over multiple accounting periods. Specifically:

- The value of tools and equipment used is allocated on a straight-line basis over a period of no more than 3 years (long-term) and no more than 1 year (short-term);
- Costs for improving and repairing fixed assets are allocated to the profit or loss account on a straight-line basis over a period not exceeding 3 years.

The Company classifies prepaid expenses as either short-term or long-term based on the duration specified in the contract or the allocation period of each type of cost and does not reclassify at the reporting date.

#### 4.11. Payables

The payables are monitored detailed under the original terms, the remaining terms at the reporting date, the payable objects, type of payables denominated in foreign currency and other factors according to the Company's management purpose. The classification of payables such as trade payables, other payables must be implemented the following principles:

- Trade payables include commercial payables incurred from purchase-sale transactions, including payables when imported goods under the trust;
- Other payables include non-commercial or non-trading payables, including: payables for loan interest, dividend and earning payables; payables for financial investments; amount paid for the third

*These notes are an integral part of and should be read in conjunction with the accompanying financial statements*

party; amount which the trustor receives from relevant parties to pay under the entrusted import-export transactions; asset borrowings; payables for penalties, compensation; surplus assets without reason; payables for social insurance, medical insurance, unemployment insurance, trade union; collaterals, deposits received, etc.

The company bases on the remaining terms of payables at the reporting date to classify as long-term or short-term.

The payables are recorded not less than the payment obligations. In the case of there is evidence that a loss likely occurs, the Company recognizes immediately a payable under the prudent principle.

#### **4.12. Accrued Expenses**

Accrued expenses are amounts owed for goods and services received from sellers or provided by buyers within the year but not yet paid, as well as other costs such as interest expenses payable, which are recognized as production and business expenses in the year incurred.

Recognition of accrued expenses as part of production and business expenses is carried out according to the principle of matching revenues with expenses incurred within the year. The accrued expenses will be settled against actual incurred costs. The difference between the estimated amounts and actual expenses is recognized as an addition or reversal in the Statement of Profit or Loss.

#### **4.13. Provisions**

Provisions are recognized only when all of the following conditions are met:

- The Company has a present obligation (legal or constructive) as a result of a past event;
- It is probable that an outflow of economic benefits will be required to settle the obligation; and
- A reliable estimate can be made of the amount of the obligation.

Provisions are recognized based on the best estimate of the expenditure required to settle the present obligation as of the end of the reporting period.

#### **4.14. Loans and finance lease liabilities**

The loans and finance lease liabilities are monitored detailed for each loan object, loan agreement, and loan asset; for the term of loan and finance lease liabilities and type of foreign currency (if any). The loans and finance lease liabilities with the remaining term more than 12 months from the reporting date are presented as long-term loans and finance lease liabilities. The due loans and finance lease liabilities within the next 12 months from the reporting date are presented as short-term loans and finance lease liabilities.

#### **4.15. Borrowing costs**

Borrowing costs include interests and other costs incurred directly related to the loans.

Borrowing cost is charged to operating expenses during the period when incurred, except for borrowing costs directly attributable to the construction or production of qualifying assets with appropriate time (more than 12 months) to put into use for the intended purposes or sales, which recorded in the value of capitalized assets whether it is subject to the fulfillment of certain conditions of Vietnamese Accounting Standard No. 16 - Borrowing cost. Borrowing costs directly attributable to the construction of fixed assets, investment properties can be capitalized even though the construction is less than 12 months.

#### **4.16. Revenue recognition**

Revenue from the sale of goods shall be recognized if it simultaneously meets the following conditions:

- (a) The Company has transferred the majority of risks and benefits associated with the right to own the products or goods to the buyer;

*These notes are an integral part of and should be read in conjunction with the accompanying financial statements*

- (b) The Company no longer holds the right to manage the goods as the goods owner, or the right to control the goods;
- (c) revenue has been determined with relative certainty. When contracts define that buyers are entitled to return products, goods purchased under specific conditions, the Company shall only record turnovers if such specific conditions no longer exist and buyers are not entitled to return products, goods (unless the customer is entitled to return the goods under the form of exchange for other goods or services);
- (d) The Company has gained or will gain economic benefits from the good sale transaction; and
- (e) It is possible to determine the costs related to the goods sale transaction.

**Revenue recognition from services rendered if simultaneously satisfying the following conditions:**

- (a) Revenue is measured reliably. When the contracts define that the customers are entitled to return service purchased under specific conditions, the Company shall only record revenue if such specific conditions do not exist and the customers are not entitled to return services provided;
- (b) The Company received or will receive economic benefits from the sale transactions;
- (c) The completed work is determined at the reporting date; and
- (d) Incurred costs for the transaction and the costs to complete the transaction of providing such services is determined.

**Construction Contracts**

Construction contracts stipulate that the contractor is to be paid based on the value of the completed work. When the results of the construction contract can be reliably determined and are confirmed by the customer, both the revenue and costs related to the contract are recognized according to the portion of work completed and confirmed by the customer during the period reflected on the issued invoice.

When the results of the construction contract cannot be reliably estimated, then:

- Revenue is recognized equivalent to the costs incurred for the contract that are relatively certain to be recovered;
- The costs of the contract are recognized as expenses when incurred.

The difference between the total recognized cumulative revenue of the construction contract and the cumulative amounts billed according to the planned progress of the contract is recognized as receivable or payable according to the planned progress of the construction contracts.

**Revenue from financial activities** includes: comprises deposit interest, profit from bond investment, profit from financial investment cooperation contract, discounted payments, gains from foreign exchange differences and others (if any).

Interest on deposits is recognized on an accrual basis, determined based on the balances of deposit accounts, and applied interest rates as notified by the bank.

**Other income** reflects income arising from the events or separate transactions with normal business operations of the Company, besides the above revenue.

**4.17. Taxation**

Corporate income tax represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities and its tax base in the financial statements and is recognized using the balance sheet method. Deferred tax liability should be recognized for all taxable temporary differences, and deferred tax asset shall be recognized when it is probable that taxable profit will be available against so that temporary differences are deductible.

Deferred tax is calculated at the tax rates that are expected to apply in the year when the liability is settled or the asset realized. Deferred tax is recognized in the income statement, and recognized in the equity only when it relates to items charged or credited directly to equity.

Deferred tax assets and liabilities are offset when the company has a legally enforceable right to set off current tax assets against current tax liabilities, and when the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same tax authority and the Company intends to settle its current tax assets and liabilities on a net basis.

The determination of the taxes borne by the Corporation is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

#### **4.18. Financial Instruments**

##### *Initial Recognition*

##### Financial Assets

According to Circular No. 210/2009/TT-BTC dated November 6, 2009, issued by the Ministry of Finance, financial assets are classified appropriately for disclosure in the financial statements, including financial assets recognized at fair value through profit or loss, loans and receivables, held-to-maturity investments, and available-for-sale financial assets. The Company determines the classification of these financial assets at the time of initial recognition.

At the time of initial recognition, financial assets are determined at cost plus any directly attributable transaction costs related to the purchase of the financial asset. The Company's financial assets include cash and cash equivalents, trading securities, held-to-maturity investments, accounts receivable, loans receivable, and other receivables.

##### Financial Liabilities

According to Circular No. 210/2009/TT-BTC dated November 6, 2009, issued by the Ministry of Finance, financial liabilities are classified appropriately for disclosure in the financial statements, including financial liabilities recognized at fair value through profit or loss and financial liabilities determined at amortized cost. The Company determines the classification of these financial liabilities at the time of initial recognition.

At the time of initial recognition, financial liabilities are determined at cost plus any directly attributable transaction costs related to the issuance of that financial liability. The Company's financial liabilities include accounts payable, accrued expenses, other payables, loans, and finance leases.

##### *Subsequent Measurement*

The value of financial instruments after initial recognition is reflected at fair value. If there are no regulations on re-evaluating the fair value of financial instruments, they are presented at their carrying amounts.

##### *Offsetting Financial Instruments*

Financial assets and financial liabilities are offset, and the net value is presented on the balance sheet only if the Company has the legal right to offset the recognized amounts and intends to settle on a net basis, or to realize the asset and settle the liability simultaneously.

*These notes are an integral part of and should be read in conjunction with the accompanying financial statements*

The Company has not presented disclosures related to financial instruments at the end of the accounting period, as Circular No. 210 and current regulations do not provide specific guidance on determining the fair value of financial assets and financial liabilities.

#### 4.19. Related parties

The parties are regarded as related parties of the Company if they have the ability to control or exercise significant influence over the Company in making financial and operating. The Company's related parties include:

- Enterprises that directly or indirectly control the Company or are controlled by the Company, or are under common control with the Company, including parent companies, subsidiaries, and associated companies;
- Individuals who directly or indirectly have voting rights at the Company and exert significant influence over the Company, including key management personnel of the Company and close family members of these individuals;
- Enterprises that are controlled directly or indirectly by the individuals mentioned above, who hold a significant portion of voting rights or exert significant influence over these enterprises.

In reviewing each relationship of related parties for the preparation and presentation of financial statements, the Company focuses on the nature of the relationship rather than the legal form of those relationships.
